You will have free unlimited connection to the Internet in the University using WiFi (please bring your notebook). Please call the secretariat and they will give you the user-name and password along with detailed instructions.

The papers presented at this Workshop will be published in a special issue of the "Journal of Siberian Federal University". Please format your paper according to the journal publication [rules](#) and send it by e-mail dimlh@iph.krasn.ru before *October, 1*.

The papers covered exact nanomechanics topic will be published in a special issue "Nanomechanics" of the "International Journal of Non-Linear Mechanics" by Elsevier. Please format your paper according to the journal publication [rules](#) and send it by e-mail PSorokin@lan.krasu.ru before *October, 1*.

In the University

You will have free dinners during the Workshop. You will find the tickets in your bag.

Outside the University

You can find a lot of cafes and restaurants in downtown Krasnoyarsk. Most of them are nice and not expensive. We recommend such cafes as "Pizza Rosso" or «Пицца Россо» (111, Mira st. or 2, Surikova st.), "Laplandia" or «Лапландия» (28, Krasnoy armii st.), "Gorod" or «Город» (109, Mira st.).

Also there are good restaurants like "Mama Roma" (50A, Mira st.) with Italian kitchen or "Balkan gril" (Балкан-гриль, 9, Perensona st.).

Near both hotels you can find several food stores to buy all necessary food.

Please note that only a few percents of people in Krasnoyarsk can speak English, so, please be sure that they understand what you need.

How to reach lecture room?

Enter to the main entrance of the University and show your passport to the guards then go upstairs and follow arrows. The secretariat and the Lecture room will be on the second floor (named BA "Big Auditory", in Russian «БА»).

Before the lectures please register at the secretariat.

We will organize two free cultural programs for you.

The first will be the bus City Tour which enables you to see the most interesting spots in Krasnoyarsk along with visit a nature reserve Stolby or the Rock Pillars, one of the most exiting places in Siberia. Wild and beautiful Stolby covers an area of 470 km² (181 mile²) with numerous giant granite rocks formations up to 100 meters high, many of very extraordinary shapes. At the end of the journey we plan to organize excursion to the huge and impressive Krasnoyarsk Hydroelectric Power Station dam.

The second will be the Yenisei river trip on the ship to acquaint with beautiful Siberian nature. English-speaking guide will tell you about history of Russia, Siberia and Krasnoyarsk.

Also along with the trip you will enjoy the festive dinner.

Please, take your badges with you. If you have the accompanying person please call the secretariat before the excursions for avoiding any problems.

In case of any problems, please, immediately contact the secretariat by the any following phone:
